Child Find is a component of the Individuals with Disabilities Education Act (IDEA 2004) that requires Public Education Agencies (PEAs) to locate, identify and evaluate all children with disabilities, aged birth through 21, located within their boundaries of responsibility who are in need of early intervention or special education services.

Child Find

Measuring Milestones

MEASURING MILESTONES

Child Find “Measures Milestones” to celebrate the growth and development of every child because all children are unique and develop at different paces.

For example, some children walk at 9 months and others will walk at 14 months.

Children achieve their developmental milestones in how they play, move, learn, behave and speak.

Child Find can provide Measuring Milestones in the child’s home, the Child Find office, or anywhere convenient for your family.

CHILD FIND Measuring Milestones

DEVELOPMENTAL • VISION • HEARING

Measuring your child’s milestones will provide the right tools to enhance your child’s learning. If there is a concern about a milestone a child is having difficulty achieving, Child Find can provide some at-home activities or assist with referring your child for more supports.

Child Find will provide you with educational materials so each child will be ready for their next interval of Measuring Milestones!

Child Find is here to support your child’s healthy development to be kindergarten ready!
